Relevant Objectives to be better facilitated:

Likely impact on environment?

How this proposal will, if implemented, impact on greenhouse gas emissions?

None

Implementation issues including impact on your systems

While we appreciate this change is a licence requirement, due to the complexities it would

introduce to the objection process we would request a minimum of 9months lead in from Authority approval.

We do not have detailed costs but high level assessment suggests costs of a minimum of £500k (UNC & iUNC).

Additional Information and Comments

We appreciate what this change is trying to achieve by allowing as long as possible to raise objections throughout the vast majority of the year. However, we feel the costs to change Xoserve's and IGts' processes as well as supplier systems far outweigh any benefits.
